

Models of Delivery

Opioid
Response
Network
STR-TA

Considerations While Choosing a Model

1. Anticipated population size
2. Distance to your nearest community OTP
3. Layout of the DOC
4. Scheduling med lines
5. Determining staffing configuration

Considerations Continued

6. IT system integration
7. Licensing
8. Accreditation
9. Medication Inventory
10. Associated costs of a dispensary

Model 1

- ✧ Inmates/Patients are transported from DOC to a community OTP for daily medication administration

Community OTP

Inmates/Patients
