

**Medications for Opioid Use Disorder in Correctional Settings:  
Shifting the Paradigm: Creating a Balanced Correctional and Rehabilitative Approach  
January 28-30, 2020  
Providence, Rhode Island**

*Program Agenda*

**Day One: Tuesday, January 28, 2020**

7:30am-8:30am	Registration
8:30am-9:00am	<u>Welcome: State Officials and Other Dignitaries</u> <b>Kathryn Cates-Wessel, American Academy of Addiction Psychiatry (AAP)</b> <b>Patricia Coyne-Fague, Esq., Rhode Island Department of Corrections (RIDOC)</b> <b>Brent Gibson, MD, National Commission on Correctional Health Care (NCCHC)</b>
9:00am-10:30am	<u>Plenary: State of the State: OUD Treatment in Correctional Settings</u> This opening session sets the stage and highlights current policies and the legal landscape surrounding the use of medications for opioid use disorder (MOUD) in correctional settings that will be discussed over the next three days. Presenters will review existing legal cases and the implications for correctional settings. <b>Gabrielle de la Guéronnière, JD, Legal Action Center (LAC)</b> <b>Sally Friedman, JD, LAC</b>  <u>Panel: Lived Experience and Changed Outlook</u> Correctional staff and persons with lived experience will discuss their insights related to providing MOUD in correctional settings. <b>Rachel Bray, RIDOC</b> <b>Daryl McGraw, C4 Innovations</b> <b>Brandon George, Indiana Addictions Issues Coalition</b>
10:30am-10:45am	Break
10:45am-12:00pm	<u>Plenary: FDA Medications</u> This session will focus on the intersection of the opioid epidemic within the criminal justice system and describe the use and benefits of all FDA-approved medications for opioid use disorders. <b>Ruth Potee, MD, Franklin County Jail (MA)</b> <b>Pete Friedmann, MD, Baystate Health (MA)</b>
12:00pm-1:15pm	Lunch on your own
1:15pm-1:30pm	Move to Track Session Room
1:30pm-4:30pm	Track Sessions (see below)

4:30pm-4:40pm Move to General Session Room

4:40pm-5:00pm Summary of Day

### **Day One Track Sessions**

We will have a series of track-based workshops, which will be tailored to specific roles within correctional settings (administrative, clinical, security/line staff) and repeated for each correctional facility role.

1:30pm-2:20pm Workshop One  
2:30pm-3:20pm Workshop Two  
3:20pm-3:40pm Break  
3:40pm-4:30pm Workshop Three

### **Workshop One: Comprehensive OUD Treatment in Correctional Settings**

Building on the morning plenary session, this workshop will dive deeper into the use and benefits of all FDA-approved medications for opioid use disorder within correctional settings. The workshop will describe how each of the medications work, methods of administration, and clinical guidelines for patient selection.

- **Debra A. Pinals, MD, University of Michigan Medical School (MI)**
- **Tom Lincoln, MD, Baystate Health (MA)**

### **Workshop Two: Diversion**

Diversion of medications is a significant concern among correctional staff. This workshop will discuss the rationale behind diversion, as well as evidence-based mechanisms to identify and mitigate diversion activity. The workshop will also explore staff attitudes and beliefs about diversion.

- **Leslie Bridgman, MA, JD, LCDP, CODAC Behavioral Healthcare (RI)**
- **Carole Dwyer, RIDOC**
- **Lynne Corry, RIDOC**

### **Workshop Three: Linkages to Care**

In addition to medications, patients with opioid use disorders often need additional services within the correctional facility and upon release. This workshop will explore wraparound services and supports that patients may need to successfully initiate recovery. This workshop will also address how correctional staff can effectively work with behavioral health providers to ensure that medications and supports are continued post-release.

- **Ed Hayes, Franklin County Jail (MA)**
- **Michael White, Community Medical Services (AZ)**

Tracks:

- Administrative staff (Red dots on back of name badges)
- Clinical staff (Blue dots on back of name badges)
- Line/security staff (Green dots on back of name badges)

## **Day Two: Wednesday, January 29, 2020**

8:00am-8:30am	Registration
8:30am-9:00am	<u>Welcome</u> <b>Laurie Krom, MS, Addiction Technology Transfer Center Network Coordinating Office (ATTC-NCO)</b> <b>Kathryn Cates-Wessel, American Academy of Addiction Psychiatry (AAAP)</b>
9:00am-10:30am	<u>Plenary: Models of Delivery</u> Experts from the field, including a panel of correctional staff and healthcare providers, will discuss the various models for delivering MOUD in correctional settings. <b>Linda Hurley, MA CAGS, CODAC (RI)</b> <b>Tara Flynn, Norfolk County Sheriff's Office (MA)</b> <b>Rachelle Steinberg, Esq., Suffolk County Sheriff's Department (MA)</b> <b>Dustin Alvanas, MBA, MS, LCDP, CODAC; OTP Provider to Hampden County House of Corrections (MA)</b> <b>Jennifer Clarke, MD, MPH, FACP, RIDOC</b> <b>Richard Brathwaite, CCHP, Hampden County Sheriff's Office (MA)</b>
10:30am-10:45am	Break
10:45am-12:00pm	<u>Plenary: Staff Buy-In</u> This session will focus on developing staff buy-in and engagement in delivering MOUD. Presenters will address stigma and effective training for staff and other support personnel. <b>Ross MacDonald, MD, NYC Health + Hospitals, Correctional Health Services</b> <b>Barry Weiner, LCSW, RIDOC</b>
12:00pm-1:15pm	Lunch on your own
1:15pm-1:30pm	Move to Track Session Room
1:30pm-4:30pm	Track Sessions (see below)
4:30pm-4:40pm	Move to General Session Room
4:40pm-5:00pm	Summary of Day

### **Day Two Track Sessions**

We will have a series of track-based workshops, which will be tailored to specific roles within correctional settings (administrative, clinical, security/line staff) and repeated for each correctional facility role.

1:30pm-2:20pm	Workshop One
2:30pm-3:20pm	Workshop Two
3:20pm-3:40pm	Break
3:40pm-4:30pm	Workshop Three

### **Workshop One: Stigma**

Negative staff and patient attitudes and beliefs about addiction and the use of medications can create barriers to effective care. During this workshop, participants will discuss stigma related to addiction and MOUD and hear from experts in the field about ways to combat these negative attitudes and beliefs.

- **Tom Hill, MSW, National Council for Behavioral Health**
- **Dan Schatz, MD, MS, NYC Health + Hospitals, Office of Behavioral Health**

### **Workshop Two: Operations**

Effective policies and procedures are critical to sustaining any organizational change. This workshop will offer detailed information on operational policies, procedures, and workflows that correctional facilities have used to successfully implement and sustain an MOUD treatment program.

- **Jennifer Clarke, MD, MPH, FACP, RIDOC**
- **Leslie Bridgman, MA, JD, LCDP, CODAC**

### **Workshop Three: Achieving Buy-In**

To successfully implement MOUD in correctional settings, buy-in and support needs to be developed at multiple levels (staff, administration, community). This workshop will discuss the steps that correctional facilities have successfully taken to build support for the use of medications for opioid use disorders.

- **Barry Weiner, LCSW, RIDOC**
- **Brent Gibson, MD, NCCHC**

#### Tracks:

- Administrative staff (Red dots on back of name badges)
- Clinical staff (Blue dots on back of name badges)
- Line/security staff (Green dots on back of name badges)

**Day Three: Thursday, January 30, 2020**

8:00am-8:15am	Housekeeping
8:15am-8:45am	Welcome <b>Mark Parrino, MPA, American Association for the Treatment of Opioid Dependence (AATOD)</b>
8:45am-10:00am	Plenary: <u>Organizational Change</u> Presenters will highlight organizational change principles utilized by various correctional facilities to shift cultural environments and successfully implement MOUD in correctional settings. <b>Tami Kampbell, WADOC</b> <b>Alma Jackson, WADOC</b> <b>Rae Simpson, RN, MSN, WADOC</b> <b>Shannon Robinson, MD, Health Management Associates</b>
10:00am-10:30am	Break
10:30am-11:15am	<u>Key Questions and Discussion</u> Facilitators will pose key questions related to implementing an MOUD program in correctional facilities and help correctional staff and/or behavioral health providers identify specific areas in which they require technical assistance (TA) to implement such a program in their facility.
11:15am-12:15pm	<u>On the Spot TA</u> Correctional staff and behavioral health providers will have the opportunity to engage in roundtable discussion with experts in the field and receive preliminary on-site TA.
12:15pm-12:30pm	Reconvene in General Session Room
12:30pm-1:15pm	<u>Action Planning and Team Discussion</u> Correctional team members, including any behavioral health providers, will gather to discuss the identified TA needs of their facility, complete the action plan worksheet, and identify immediate next steps for implementation.
1:15pm-1:30pm	Next Steps, Evaluation, Closing
